Blarys[®]
Bath Faucets

Experience
The Luxury of Bath Faucets

OUR FAUCET SWING MANUFACTURING PROCESS

The manufacturing of each product is a labor-intensive process. Each undergoes numerous individual stages and quality controls before it leave out the factory.

1 MOULD MAKING BY VMC MACHINE

We makes Die/Mould itself by using of high class VMC Machine to get a beautiful shape and size.

SEMI AUTOMATIC CORE SHOOTER MACHINE

We uses semi Automatic We shooter Machine for better results.

2

3 CASTING BY ELECTRIC INDUCTION FURNACE

We uses ingots and Honey Brass as a raw material which comes with a fixed percentage of copper and lead unlike others where scrap is mixed with zinc in an uncontrolled environment. we have an in house electric furnace with thermostatic control.

CNC LATH MACHINE & IMPORTED DOUBLE SPINDLE MACHINE

We uses CNC Lath Machine & Heavy duty imported double spindle machines for machining processes like Boring, Turning, Drilling,

4

OUR FAUCET SWING MANUFACTURING PROCESS

We retain control over every single stage, from the casting of the raw materials through to the electroplating and the finished accessories, Here, highly accurate Technician controlled production steps alternate with careful hand craftsmanship. Ultimately, the decision whether the finished accessories meets our quality Standards is still made by a real person with a wealth of experience.

GRINDING & EVERY SINGLE PIECE CHECKING

We grind the faucet to give smooth finish and check every single piece for our satisfaction.

5

6 THREE LAYERS ELECTRO PLATING

Our products go through digitally controlled three layers electro plating plant for extra shiny look of our product.

6

ASSEMBLING UNIT & WATER FLOW TESTING

After casting, machining and electroplating, products are ready to assembled. Our assembling unit is perfect for their work. Every product first assembled, checked and go through a high water flow testing.

7

8 LASER MARKING & PACKING

After all major testing, products are ready to market by Laser Printing Machine and packed. Now the product is ready to despatched.

8

ABOUT US

The very reason for our existence is experiment with innovation. It takes an instinct for thinking creatively and for initiating changes and challenging new goals. We combine style and grace.

A Sophisticated designing house and state-of-the-art manufacturing process gives the company a enviable edge. Constant innovation and investment in Quality are two distinguishing features that has propelled our company to such heights.

We provide ourselves on being a customer oriented company with an emphasis on quality control and innovation. We have come a long way up in a short span of time only because of the patronage of our customers. Our strength is in the satisfaction of our valuable customers.
